Welcome to The Online Radio Frequency Licensing Services

The Online Radio Frequency Licensing Services are provided to enhance the radio frequencies licensing service to be easy, quick, accurate and transparent, and involving the service participants as an important part of the public service organization.

In the case of the use of these facilities, users must:

1. Agree and be capable to fulfill the conditions of use of radio frequencies according to the law.
2. Agree to pay the license fee of the Radio Frequency Spectrum.
3. Complete the factual data and licensing requirements.

All forms of abuse in this service due to the negligence of the service is the responsibility of the users.
